On the entry level there is a 1/2 bathroom, master bedroom with King bed and 3/4 bathroom, and flat screen TV. The kitchen is small but well stocked, located between the master and open living/dining room area which has a retractable flat screen TV, large wood-burning fireplace, table for 8, and slider out to the covered porch. Gas grill and patio furniture for 8 people year-round, with outdoor space heaters for those colder nights.

Downstairs has 3/4 bathroom and 2 more bedrooms, one with Queen bed, the other is the bunk room with 2 sets of bunks (4 single beds) and slider out to the lower porch. The den features a comfy couch from which to watch the retractable flat screen TV, and also has a slider out to the lower deck.
